

## PLAY DOUGH

"I have made this recipe with up to 10 cups of flour at a time. It is quite difficult to stir it, but it makes enough for many children to be able to get their own bag of playdough!" -- Jan Johnson

1 C. flour  
½ C. salt  
1 tsp. cream of tartar  
1 C. water  
1 tbsp. vegetable oil  
Food coloring\*

Cook over medium heat and continue stirring until mixture pulls away from the sides of the pan and becomes like playdough in consistency. Knead or play with it until it is cool.

Can store for 3 months unrefrigerated in an airtight container.

\* Instead of food coloring, try 1 package of unsweetened Kool-Aid powder in a double recipe. It makes a nice color and a nice scent.
